

Daniyar Gabdullin

Back-end developer

Email: dannygabdullin@gmail.com

Address: Almaty, 1-mcr, 12

Phone: +7 (708) 755-6862

Date of birth: 06-18-1995

Nationality: Kazakh

ABOUT ME

I am a Tech Enthusiast with 1 years of Web Development experience with Django.

I consider myself more of a backender than frontend. Some tech that I am interested to learn in near future are: React.js, Node.js and maybe something related to Data Science.

EXPERIENCE

October 2020 - Present

Freelance

Developing and maintaining the website, front and back-end functionality of the website to produce clean code that follows the design and functional specifications.
